About the Meeting

Why are we calling this Annual Meeting?

We are calling the Annual Meeting to seek the approval of our stockholders:

- To elect two director nominees to serve as Class II directors for a three-year term expiring at the annual meeting of stockholders in 2022;
- To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2019;
- To vote, on an advisory basis, on how often we will conduct an advisory vote on executive compensation; and
- To consider any other matters that may properly come before the Annual Meeting.

What are the Board's recommendations?

Our Board believes that the election of the director nominees identified herein and the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2019 are advisable and in the best interests of Altair and its stockholders and recommends that you vote **FOR** these proposals. Our Board believes that an annual vote, on an advisory basis, on conducting an advisory vote on Named Executive Officer compensation is advisable and in the best interests of Altair and its stockholders and recommends that you vote **FOR** one year for this proposal.

Who is entitled to vote at the meeting?

Only holders of record of our Class A common stock and Class B common stock at the close of business on the record date, March 19, 2019, are entitled to receive notice of the Annual Meeting and to vote either class of

[Table of Contents](#)

our common stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each share of Class A common stock is entitled to one vote on each proposal and each share of Class B common stock is entitled to ten votes on each proposal.

As of the record date, there were 38,669,975 shares of our Class A common stock outstanding and 32,170,732 shares of our Class B common stock outstanding. Our Class A common stock and Class B common stock will vote as a single class on all matters described in this proxy statement. Our Class A common stock and Class B common stock are collectively referred to in this proxy statement as our common stock.

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the Annual Meeting. Please note that if you hold your shares in “street name” (that is, through a broker or other nominee), you will need to bring a copy of your proxy card delivered to you by your broker or a legal proxy given to you by your broker and check in at the registration desk at the meeting.

If you are a stockholder of record and plan to attend the Annual Meeting, please contact us by email at ir@altair.com to register to attend the Annual Meeting on or before May 7, 2019. If you hold shares through an intermediary, such as a bank or broker, and you plan to attend, you must send a written request to attend either by regular mail or email, along with proof of share ownership, such as a bank or brokerage firm account statement, confirming ownership to: Altair Engineering Inc., 1820 East Big Beaver Road, Troy, Michigan 48083, Attn: Investor Relations. For security reasons, you must comply with our pre-registration requirements, you must present a form of government issued photograph identification on the day of the Annual Meeting, and you should plan to arrive at least thirty minutes prior to the meeting in order to attend the Annual Meeting.

What constitutes a quorum?

The presence at the Annual Meeting, in person or by proxy, of a majority of the voting power of all issued and outstanding shares of our common stock entitled to vote at the Annual Meeting will constitute a quorum for our meeting. Signed proxies received but not voted and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

How do I vote?

Your vote is important. Instead of mailing a printed copy of our proxy materials to all of our stockholders, we provide access to these materials via the Internet. This reduces the amount of paper necessary to produce these materials as well as the costs associated with mailing these materials to all stockholders. Accordingly, on or about April 4, 2019, we will begin mailing a Notice of Internet Availability of Proxy Materials (the “Notice”) to all stockholders of record on our books at the close of business on the record date and will post our proxy materials on the website referenced above. Stockholders may choose to access our proxy materials on the website referred to above or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail, or electronically by email, on an ongoing basis.

You may vote on the Internet, by telephone, by mail or by attending the Annual Meeting and voting by ballot, all as described below. The Internet and telephone voting procedures are designed to authenticate stockholders by use of a control number and to allow you to confirm that your instructions have been properly recorded. If you vote by telephone or on the Internet, you do not need to return your proxy card or voting instruction card. **Telephone and Internet voting facilities are available now and will be available 24 hours a day until 11:59 p.m., Eastern Time, on May 13, 2019.**

[Table of Contents](#)

Vote on the Internet

If you are a stockholder of record, you may submit your proxy by going to www.proxyvote.com and following the instructions provided in the Notice. If you requested printed proxy materials, you may follow the instructions provided with your proxy materials and on your proxy card. If your shares are held with a broker, you will need to go to the website provided on your Notice or voting instruction card. Have your Notice, proxy card or voting instruction card in hand when you access the voting website. On the Internet voting site, you can confirm that your instructions have been properly recorded. If you vote on the Internet, you can also request electronic delivery of future proxy materials.

Vote by Telephone

If you are a stockholder of record, you can also vote by telephone by dialing 1-800-690-6903. If your shares are held with a broker, you can vote by telephone by dialing the number specified on your voting instruction card. Have your proxy card or voting instruction card in hand when you call.

Vote by Mail

If you have requested printed proxy materials, you may choose to vote by mail, by marking your proxy card or voting instruction card, dating and signing it, and returning it in the postage-paid envelope provided. If the envelope is missing and you are a stockholder of record, please mail your completed proxy card to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. If the envelope is missing and your shares are held with a broker, please mail your completed voting instruction card to the address specified therein. Please allow sufficient time for mailing if you decide to vote by mail as it must be received by 11:59 p.m. on May 13, 2019.

Please note that if you received a Notice of Internet Availability, you cannot vote by marking the Notice and returning it. The Notice provides instructions on how to vote on the Internet and how to request paper copies of the proxy materials.

Voting at the Annual Meeting

The method or timing of your vote will not limit your right to vote at the Annual Meeting if you attend the Annual Meeting and vote in person. However, if your shares are held in the name of a bank, broker or other nominee, you must obtain a legal proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting. You should allow yourself enough time prior to the Annual Meeting to obtain this proxy from the holder of record.

The shares voted electronically, telephonically, or represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting.

What if I vote and then change my mind?

You may revoke your proxy at any time before it is exercised by:

- filing with the Secretary of Altair a notice of revocation;
- submitting a later-dated vote by telephone or on the Internet;
- sending in another duly executed proxy bearing a later date; or
- attending the Annual Meeting and casting your vote in person. However, please note that if you would like to vote at the Annual Meeting and you are not the stockholder of record, you must request, complete and deliver a legal proxy from your broker, bank or nominee.

Your latest vote will be the vote that is counted.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Many of our stockholders hold their shares through a stockbroker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the Annual Meeting.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank or nominee which is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker as to how to vote and are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not vote these shares in person at the Annual Meeting unless you obtain a signed proxy from the record holder giving you the right to vote the shares. If you do not vote your shares or otherwise provide the stockholder of record with voting instructions, your shares may constitute broker non-votes. The effect of broker non-votes is more specifically described in “*What vote is required to approve each proposal?*” below.

What vote is required to approve each proposal?

The holders of a majority of the voting power of the common stock issued and outstanding on the record date must be present, in person or by proxy, at the Annual Meeting in order to have the required quorum for the transaction of business. Pursuant to Delaware corporate law, abstentions and broker non-votes will be counted for the purpose of determining whether a quorum is present.

With respect to the first proposal (election of Class II directors), directors are elected by a plurality of the voting power of the shares of our common stock present in person or represented by proxy and entitled to vote, and the director nominees who receive the greatest number of votes at the Annual Meeting (up to the total number of directors to be elected) will be elected. As a result, abstentions and “broker non-votes” (see below), if any, will not affect the outcome of the vote on the first proposal.

With respect to the second and third proposals to vote on an advisory basis on the frequency of the advisory votes on executive compensation and to ratify the appointment of Ernst & Young LLP, and approval of any other matter that may properly come before the Annual Meeting, the affirmative vote of a majority of the voting power of the shares of our common stock present in person or by proxy and entitled to vote, is required to approve these proposals. As a result, abstentions will have the same practical effect as a negative vote on these proposals, and “broker non-votes” (see below), if any, will not affect the outcome of the vote on these proposals.

Holders of the common stock will not have any dissenters’ rights of appraisal in connection with any of the matters to be voted on at the meeting.

What are “broker non-votes”?

Banks and brokers acting as nominees are permitted to use discretionary voting authority to vote proxies for proposals that are deemed “routine” by the New York Stock Exchange, but are not permitted to use discretionary voting authority to vote proxies for proposals that are deemed “non-routine” by the New York Stock Exchange.

[Table of Contents](#)

The determination of which proposals are deemed “routine” versus “non-routine” may not be made by the New York Stock Exchange until after the date on which this proxy statement has been mailed to you. As such, it is important that you provide voting instructions to your bank, broker or other nominee, if you wish to determine the voting of your shares. If the New York Stock Exchange determines a proposal to be “non-routine,” failure to vote, or to instruct your broker how to vote any shares held for you in your broker’s names, will have the same effect as a vote against such proposal.

A broker “non-vote” occurs when a proposal is deemed “non-routine” and a nominee holding shares for a beneficial owner does not have discretionary voting authority with respect to the matter being considered and has not received instructions from the beneficial owner.

The election of directors (Proposal No. 1) and the vote on an advisory basis on the frequency of the advisory votes on executive compensation (Proposal No. 2) are generally not considered to be a “routine” matter and brokers are not permitted to vote on these matters if the broker has not received instructions from the beneficial owner. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares. The ratification of our independent registered public accounting firm (Proposal No. 3) is generally considered to be a “routine” matter, and hence your brokerage firm will be able to vote on Proposal No. 3 even if it does not receive instructions from you, so long as it holds your shares in its name.

How are we soliciting this proxy?

We are soliciting this proxy on behalf of our Board and will pay all expenses associated therewith. Some of our officers and other employees also may, but without compensation other than their regular compensation, solicit proxies by mail or personal conversations, or by telephone, facsimile or other electronic means.

We will also, upon request, reimburse brokers and other persons holding stock in their names, or in the names of nominees, for their reasonable out-of-pocket expenses for forwarding proxy materials to the beneficial owners of the capital stock and to obtain proxies.

PROPOSAL 1: TO ELECT TWO DIRECTORS, AS CLASS II DIRECTORS, TO SERVE THREE-YEAR TERMS EXPIRING AT THE ANNUAL MEETING IN 2022 AND UNTIL THEIR SUCCESSORS HAVE BEEN DULY ELECTED AND QUALIFIED

Our Board is divided into three classes: Class I, Class II and Class III, with each class serving a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

The Board presently has seven members. There are two directors in the class whose term of office expires in 2019. Both of these directors have been nominated for election as Class II directors at this Annual Meeting. Each of the nominees listed below is currently a director of Altair. If elected at the Annual Meeting, the Class II nominees would serve until the 2022 annual meeting and until his or her successor has been duly elected and qualified, or, if sooner, until the director's death, resignation or removal.

Directors are elected by a plurality of the votes of the holders of shares present in person or represented by proxy and entitled to vote on the election of directors. Stockholders may not vote, or submit a proxy, for a greater number of nominees than the two nominees named below. The two director nominees receiving the highest number of affirmative votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two director nominees named below. If any director nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead will be voted for the election of a substitute nominee proposed by our Board. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

The following table sets forth the name, age, position and tenure of our Class II directors who are up for re-election at the 2019 Annual Meeting for a term expiring at the 2022 Annual Meeting:

CORPORATE GOVERNANCE MATTERS

Board of Director Composition

Our Board currently consists of seven members. Our directors hold office until their successors have been elected and qualified or until the earlier of their resignation or removal.

We have no formal policy regarding board diversity. Our priority in selection of board members is identification of members who will further the interests of our stockholders through his or her established record of professional accomplishment, the ability to contribute positively to the collaborative culture among board members, knowledge of our business and understanding of the competitive landscape.

Board of Director Meetings

Our Board met ten times in 2018. Each director attended at least 75% of the aggregate of (i) the total number of meetings of our Board (held during the period for which such director served on the Board) and (ii) the total number of meetings of all committees of our Board on which such director served (during the periods for which the director served on such committee or committees). This is our second Annual Meeting of Stockholders since our initial public offering on October 31, 2017. Altair does not have a formal policy requiring members of the Board to attend our annual meetings. Seven directors attended the 2018 annual meeting of stockholders.

Director Independence

Because Mr. Scapa controls a majority of our outstanding voting power, we qualify as a “controlled company” under the corporate governance rules of the NASDAQ Stock Market LLC, or NASDAQ. Therefore, we are not required to have a majority of our Board be independent, nor are we required to have an independent compensation committee or an independent nominating function. Notwithstanding our “controlled company” status, we intend to comply with the majority independence and independent compensation committee and nominating function requirements. Regardless of whether we qualify as a “controlled company”, we are required to have a fully independent audit committee subject to certain transition rules. Additionally, audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Under the rules of the Nasdaq Global Select Market, a director will only qualify as an “independent director” if, in the opinion of that company’s board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be independent, compensation committee members must not have a relationship with the issuer that is material to the director’s ability to be independent from management in connection with the duties of a compensation committee member.

In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors or any other board committee, accept, directly or indirectly, any consulting, advisory or other compensatory fee from the listed company or any of its subsidiaries or be an affiliated person of the listed company or any of its subsidiaries.

Our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning his or her background, employment and affiliations, our Board determined that Messrs. Earhart, Hart and Kowal and Ms. Harris and Dr. Boyce do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is “independent” as that term is defined under the applicable rules and regulations of the Securities and Exchange

Commission (the “SEC”) and the listing requirements and rules of the Nasdaq Global Select Market. In making these determinations, our Board considered the current and prior relationships that each non-employee director has with our company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director, and any transactions involving them described in the section entitled “Transactions with Related Persons.”

Board Committees

Audit Committee

Our audit committee currently consists of Messrs. Our audit committee assists our Board in its oversight of our accounting and financial reporting process and the audits of our financial statements.

Our audit committee’s responsibilities include:

Stockholder Nominations for Directorships

Our nominating and corporate governance committee will consider potential director candidates recommended by stockholders as long as the stockholders comply with our certificate of incorporation and bylaws, in recommending a potential candidate. Stockholders who wish to recommend a candidate for nomination should contact our corporate secretary in writing and provide the following information:

- the name and address of record of the stockholder;
- a representation that the stockholder is a record holder of Altair's securities (i) at the time of providing advanced notice of a director nominee pursuant to section 2.4(ii) of our bylaws, and (ii) on the record date for the determination of eligibility to vote at the annual meeting, or if the stockholder is not a record holder, evidence of ownership in accordance with Rule 14a-8(b)(2) of the Exchange Act;
- the name, age, business and residential address, educational background, current principal occupation or employment, and principal occupation or employment for the preceding five (5) full fiscal years of the proposed director candidate;
- the class and number of shares of our company that are held of record or are beneficially owned by the nominee and any derivative positions held or beneficially held by the nominee;

Assuming that appropriate information is provided for candidates recommended by stockholders, our nominating and corporate governance committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by members of the Board or other persons, as described above and as set forth in its charter.

Board Leadership Structure and Role in Risk Oversight

The chief executive officer and Chairman positions are held by James Scapa. Mr. Scapa also beneficially owns approximately 52% of the voting power of our common stock. Periodically, our Board assesses these roles and the Board leadership structure to ensure the interests of Altair and our stockholders are best served. Our Board has determined that its current leadership structure is appropriate. James Scapa, as one of our founders and as our chief executive officer and Chairman, has extensive knowledge of all aspects of Altair, our business and risks, and our customers. Our Board has no Lead Independent Director; however, the Board may choose to elect one.

While management is responsible for assessing and managing risks to Altair, our Board is responsible for overseeing management's efforts to assess and manage risk. This oversight is conducted primarily by our full Board, which has responsibility for general oversight of risks, and our standing Board committees. Our Board satisfies this responsibility through full reports by each committee chair regarding the committee's considerations

and actions, as well as through regular reports directly from officers responsible for oversight of particular risks within our company. Our Board believes that full and open communication between management and the Board is essential for effective risk management and oversight.

Stockholder Communications

The Board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters, and subject to advice from legal counsel, the Secretary of Altair is primarily responsible for monitoring communications from stockholders and for providing copies or summaries of such communications to the Board as he considers appropriate.

Communications from stockholders will be forwarded to all directors if they relate to important substantive matters or if they include suggestions or comments that the Secretary considers to be important for the Board to know. Communication relating to corporate governance and corporate strategy are more likely to be forwarded to the Board than communications regarding personal grievances, ordinary business matters, and matters as to which Altair tends to receive repetitive or duplicative communications.

Stockholders who wish to send communications to the Board should address such communications to: The Board of Directors, Altair Engineering Inc., 1460 Broadway, New York, New York 10036, Attention: Secretary.

Code of Business Conduct and Ethics

We maintain a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. A current copy of the code is posted on the Governance section of our website, which is located at www.investor.altair.com. If we make any substantive amendments to, or grant any waivers from, the code of business conduct and ethics for any officer or director, we will disclose the nature of such amendment or waiver on our website or in a current report on Form 8-K.

Compensation Committee Interlocks and Insider Participation

Our compensation committee currently consists of Ms. Harris, as chair, and Messrs. Earhart and Kowal. No member of our compensation committee is or has been an officer or employee of Altair. None of our executive officers currently serves, or during fiscal 2018 has served, as a member of the compensation committee or director (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of any entity that has one or more executive officers serving on our compensation committee or our Board.

2018 Business Results

2018 was a strong year for us, reflecting both improved execution and progress as we continue to grow the Company. In 2018, we achieved significant results, including:

- Total software product revenue was \$304.4 million.
- Total revenue was \$396.4 million.
- Net income was \$13.7 million. The full year of 2018 included non-cash stock-based compensation expenses of \$3.3 million. Diluted net income per share was \$0.18, based on 74.9 million diluted weighted average common shares outstanding.

- Cash flow from operations was \$36.2 million.
- Free cash flow, a non-GAAP financial measure consisting of cash flow from operations less capital expenditures, was \$29.6 million.

As discussed in our Annual Report on Form 10-K for the year ended December 31, 2018 filed on March 1, 2019, we were required to adopt ASC 606 governing revenue recognition as of January 1, 2018. We encourage stockholders to review our Annual Report for a discussion of the impact of the adoption of ASC 606 on our reported results.

Executive Compensation Results

The Compensation Committee took the following key actions with respect to the compensation of our Named Executive Officers for 2018:

- **Base Salaries** – Maintained the annual base salary of our CEO at its 2017 level of \$830,000 and approved annual base salary increases ranging from zero to approximately 13.6% for our other Named Executive Officers.
- **Executive Bonus Program** – Approved a performance-based cash bonus payment of \$575,000 for our CEO and performance-based cash bonus payments ranging from approximately \$100,000 to approximately \$170,000 for our other Named Executive Officers.
- **Long-Term Incentive Compensation** – Granted long-term incentive compensation opportunities in the form of time-based restricted stock unit (“RSU”) awards that may vest and be settled for 20,000 shares of Class A Common Stock for our CEO and 2,070 shares of Class A Common Stock for each of our other Named Executive Officers.

Pay-for-Performance

We believe our executive compensation program is reasonable, competitive, and appropriately balances the goals of attracting, motivating, rewarding, and retaining our executive officers with the goal of aligning their interests with those of our stockholders. To foster this alignment and to motivate and reward individual initiative and effort, a portion of our executive officers’ target annual total direct compensation opportunity is both performance-based and “at-risk.”

We emphasize variable compensation that appropriately rewards our executive officers, including our Named Executive Officers, through two separate compensation elements:

- First, we provide the opportunity to receive a cash bonus award pursuant to our executive bonus program, based on Company performance and individual performance.
- In addition, we grant RSU awards that vest over time. The value of these awards depends entirely on the value of our Class A Common Stock. The Named Executive Officers’ RSU ownership, together with the shares of our common stock that they otherwise own as reflected elsewhere in this Proxy Statement, incentivize them to build long-term value for the benefit of our stockholders.

These variable pay elements assure that a meaningful portion of our executive officers’ target total direct compensation is contingent (rather than fixed) in nature, with the amounts ultimately payable subject to variability above or below target levels commensurate with our actual performance.

We believe that this design provides balanced incentives for our executive officers to drive financial performance and long-term growth.

Executive Compensation Policies and Practices

We endeavor to maintain sound governance standards in the design and implementation of our executive compensation policies and practices. The Compensation Committee evaluates our executive compensation program on a regular basis to ensure that it is consistent with our short-term and long-term goals, given the dynamic nature of our business and the market in which we compete for executive talent. The following summarizes our executive compensation and related policies and practices:

What We Do

- **Maintain an Independent Compensation Committee.** The Compensation Committee consists solely of independent directors who oversee our compensation policies and practices.

[Table of Contents](#)

- **Retain an Independent Compensation Advisor.** The Compensation Committee has engaged its own compensation consultant to provide information, analysis, and other advice on executive compensation independent of management. This consultant performed no other consulting or other services for us in 2018.
- **Periodic Executive Compensation Review.** The Compensation Committee conducts periodic reviews of our compensation strategy and of our compensation peer group, which we use for comparative purposes.

What We Do Not Do

- **No Hedging or Pledging.** We do not allow our executive officers, including our Named Executive Officers, to engage in certain types of hedging or monetization transactions (such as zero cost collar or forward sales contracts) or, unless pre-approved by a compliance officer, to pledge our common stock as collateral for a loan.
- **No Executive Retirement Plans.** We do not offer retirement plans to our executive officers, including our Named Executive Officers, other than the plans and arrangements that are available to all employees. Our executive officers are eligible to participate in our Section 401(k) retirement savings plan on the same basis as our other employees.
- **No Excise Tax Payments on Future Post-Employment Compensation Arrangements.** We do not reimburse our executive officers, including our Named Executive Officers, for any excise taxes that may be imposed upon them as a result of a change in control of the Company.

Stockholder Advisory Votes on Named Executive Officer Compensation

Commencing with next year's annual meeting of stockholders, we will conduct a non-binding stockholder vote on the compensation of our Named Executive Officers (commonly known as a "Say-on-Pay" vote). At this year's annual meeting, we will conduct a non-binding stockholder vote on the frequency of future Say-on-Pay votes (commonly known as a "Say-When-on-Pay" vote). We have recommended that such votes be conducted annually. See Proposal 2 in this Proxy Statement.

We value the opinions of our stockholders. Our Board of Directors and the Compensation Committee will consider the outcome of Say-on-Pay votes, as well as feedback received throughout the year, when making compensation decisions for our executive officers, including our Named Executive Officers.

Executive Compensation Philosophy and Objectives

Our executive compensation program is guided by our overarching philosophy of paying for demonstrable performance. Consistent with this philosophy, we have designed our executive compensation program to achieve the following primary objectives:

- Provide market competitive compensation and benefit levels that will attract, retain, motivate, and reward a highly-talented team of executives within the context of responsible cost management;
- Establish a direct link between our financial, operational, and strategic objectives and results, as well as our values, and the compensation of our executives;
- Align the interests and objectives of our executives with those of our stockholders by linking the long-term incentive compensation opportunities and equity holdings to stockholder value creation and their cash incentives to our annual performance; and
- Offer total compensation opportunities to our executives that are competitive and fair.

[Table of Contents](#)

Program Design

We structure the annual compensation of our executive officers, including our Named Executive Officers, using three principal elements: base salary, a cash bonus award pursuant to our executive bonus program, and long-term incentive compensation opportunities in the form of equity awards. While the pay mix may vary from year to year, the ultimate goal is to achieve our compensation objectives as described above. In determining the amount of base salary, cash bonuses and equity compensation awarded to each Named Executive Officer, the Compensation Committee does not apply any strict percentage of any one element in relation to the overall compensation package. Instead, the Compensation Committee reviews the overall compensation package and the relative amount of each element on an individual basis for each Named Executive Officer to determine whether such amounts, and the mix of compensation components, further the basic principles and objectives of our overall compensation program.

In addition, we have not adopted policies or employed guidelines for allocating compensation between current and long-term compensation, between cash and non-cash compensation, or among different forms of non-cash compensation.

Compensation-Setting Process

Role of the Compensation Committee

The Compensation Committee discharges the responsibilities of our Board of Directors relating to the compensation of our CEO and oversight of compensation matters for our Named Executive Officers, and recommends for Board of Director approval compensation for the non-employee members of our Board of Directors. The Compensation Committee has overall responsibility for overseeing our compensation and benefits policies generally, and overseeing and evaluating the compensation plans, policies, and practices applicable to our CEO and other executive officers. In addition, the Compensation Committee makes all final decisions regarding the compensation of our CEO and other executive officers.

In carrying out its responsibilities, the Compensation Committee evaluates our compensation policies and practices with a focus on the degree to which these policies and practices reflect our executive compensation philosophy, develops strategies and makes recommendations that it believes further our philosophy or align with developments in best compensation practices.

The Compensation Committee's authority, duties, and responsibilities are further described in its charter, which is reviewed annually and revised and updated as warranted. The charter is available on our website at www.investor.altair.com.

The Compensation Committee retains a compensation consultant (as described below) to provide support in its review and assessment of executive compensation.

Setting Target Total Direct Compensation

The Compensation Committee reviews the base salary levels, annual incentive bonus payments and long-term incentive compensation opportunities of our executive officers, including our Named Executive Officers, and related performance criteria.

The Compensation Committee does not establish a specific target for formulating the target total direct compensation opportunities of our executive officers. In making decisions about the compensation of our executive officers, the Compensation Committee relies primarily on its members' general experience and expertise, on the advice of consultants and other advisors and its consideration of a number of factors, including the following:

- our executive compensation program objectives;

[Table of Contents](#)

- the recommendations of our CEO with respect to the compensation of our other executive officers;
- our company's performance against the financial, operational, and strategic objectives established by the Compensation Committee and our Board of Directors;
- the prior performance of each individual executive officer, based on a subjective assessment of his or her contributions to our overall performance, ability to lead his or her business unit or function, and work as part of a team, all of which reflect our core values;
- the potential of each individual executive officer to contribute to our long-term financial, operational, and strategic objectives; and
- the competitiveness of our compensation structure and specific retention needs.

These factors provide the framework for compensation decision-making and final decisions regarding the compensation opportunity for each executive officer. No single factor is determinative in setting compensation levels.

The Compensation Committee does not engage in formal benchmarking against other companies' compensation programs or practices to establish our compensation levels or make specific compensation determinations with respect to our executive officers. Instead, in making recommendations and determinations, the Compensation Committee reviews information summarizing the compensation paid at a representative group of peer companies, to the extent that the executive positions at these companies are considered comparable to our positions and informative of the competitive environment, and more broad-based compensation surveys to gain a general understanding of market compensation levels.

In addition, the Compensation Committee does not weight the foregoing factors in any predetermined manner, nor does it apply formulas in making its compensation determinations. The members of the Compensation Committee consider all of this information in light of their individual experience, knowledge of the Company and its business results, knowledge of the competitive market, knowledge of each executive officer, the advice of their compensation consultant and their business judgment in making their recommendations and determinations.

As part of its oversight function, our Board and our Compensation Committee in particular, along with our management team, considers potential risks when reviewing and approving various compensation programs, including executive compensation. Based on this review, our Compensation Committee believes that our compensation programs, including executive compensation, do not encourage risk taking to a degree that is reasonably likely to have a materially adverse impact on us or our operations.

Role of Management

In discharging its responsibilities, the Compensation Committee works with our CEO, who assists the Compensation Committee by providing information on corporate and individual performance, perspectives on performance issues and recommendations on compensation matters.

Typically, our CEO will make recommendations to the Compensation Committee regarding compensation matters, including adjustments to annual cash compensation, long-term incentive compensation opportunities, and program structures, for our executive officers, including our other Named Executive Officers. At the beginning of each year, our CEO reviews the performance of our executive officers based on such individual's level of success in accomplishing the business objectives established for him or her for the prior year and his or her overall performance during that year, and then shares these evaluations with, and makes recommendations to, the Compensation Committee for each element of compensation as described above. The Compensation Committee reviews and discusses these recommendations and proposals with our CEO.

[Table of Contents](#)

Our CEO attends meetings of the Compensation Committee at which executive compensation matters are addressed, but does not participate in the Compensation Committee's deliberations involving his own compensation.

Role of Compensation Consultant

The Compensation Committee engages an external compensation consultant to assist it by providing information, analysis, and other advice relating to our executive compensation program. The compensation consultant reports directly to the Compensation Committee and its chair, and serves at the discretion of the Compensation Committee, which reviews the engagement on a periodic basis.

For 2018, the Compensation Committee retained Compensia, Inc. ("Compensia"), a national compensation consulting firm, to serve as its compensation advisor to advise on executive compensation matters, including competitive market pay practices for our executive officers, including our Named Executive Officers, and to offer an analysis of the compensation practices of a peer group that is assessed on a periodic basis.

During 2018, Compensia attended meetings of the Compensation Committee (both with and without management present) as requested and provided the following services:

- researched and reviewed our compensation peer group;
- provided competitive market data based on the compensation peer group for our executive officer positions and evaluated how the compensation we pay our executive officers compares to how the companies in our compensation peer group compensate their executives;
- analyzed the base salary levels, annual incentive bonus opportunities, and long-term incentive compensation opportunities of our CEO and our other executive officers;
- provided competitive market data and assisted in the development of a long-term equity strategy for our employees;
- consulted with the Compensation Committee chair and other members between Compensation Committee meetings; and
- supported on other *ad hoc* matters throughout the year.

Compensia did not provide any services to our company other than the consulting services provided to the Compensation Committee. The Compensation Committee reviews the objectivity and independence of the advice provided by its compensation consultant on executive compensation matters. The Compensation Committee has evaluated Compensia's engagement, and based on the six factors for assessing independence and identifying potential conflicts of interest that are set forth in Exchange Act Rule 10C-1(b)(4), Rule 5605(d)(3)(D) of the NASDAQ Marketplace Rules, and such other factors as were deemed relevant under the circumstances, has determined that its relationship with Compensia and the work of Compensia on behalf of the Compensation Committee did not raise any conflict of interest, and that Compensia is independent.

Competitive Positioning

For purposes of assessing our executive compensation against the competitive market, the Compensation Committee reviews and considers the compensation levels and practices of a select group of peer companies. This compensation peer group consists of technology companies that share one or more characteristics of our company, including annual revenue, market capitalization, geographical location, vertical focus and end market. However, not all criteria may be applicable to each individual peer group member.

For purposes of making determinations regarding 2018 compensation, the compensation peer group considered by the Compensation Committee was as follows:

ANSYS	Manhattan Associates
Apptio	MicroStrategy
Aspen Technology	MobileIron
Bottomline Technologies	MTS Systems
Callidus Software	PTC
Ebix	QAD
Exa	RealPage
Guidewire Software	SPS Commerce
	Workiva

The compensation practices of the compensation peer group were the primary guide used by the Compensation Committee to compare the competitiveness of each compensation element and overall compensation levels (base salary, target annual incentive bonus opportunities, and long-term incentive compensation). To analyze the compensation practices of the companies in our compensation peer group, Compensia gathered data from public filings (primarily proxy statements) of the peer group companies, as well as survey data from Compensia's proprietary database. This market data was then used as a reference point for the Compensation Committee to assess our current compensation levels in the course of its deliberations on compensation forms and amounts.

The Compensation Committee reviews our compensation peer group periodically and makes adjustments to its composition as warranted, taking into account changes in both our business and the businesses of the companies in the peer group.

Compensation Elements

In 2018, the principal elements of our executive compensation program, and the purposes for each element, were as follows:

<u>Element</u>	<u>Type of Element</u>	<u>Compensation Element</u>	<u>Objective</u>
Base Salary	Fixed	Cash	Designed to attract and retain highly talented executives by providing fixed compensation amounts that are competitive in the market.
Annual Cash Bonus Awards Pursuant to the Executive Bonus Program	Variable	Cash	Designed to motivate our executives to meet and achieve business objectives and to incentivize conduct that is aligned with the interests of our stockholders.
Long Term Incentive Compensation	Variable	Restricted stock unit awards that may vest and be settled for shares of our common stock. Although not utilized in 2018, stock options also have been granted in the past and are likely to be granted in the future.	Designed to align the interests of our executives and our stockholders by motivating our executives to create sustainable long-term stockholder value.

Base Salary

Base salary represents the fixed portion of the compensation of our executive officers, including our Named Executive Officers, and is an important element of compensation intended to attract and retain highly-talented individuals. Generally, we use base salary to provide each executive officer with a specified level of cash compensation during the year with the expectation that he or she will perform his or her responsibilities to the best of his or her ability and in our best interests.

Generally, we establish the initial base salaries of our executive officers through arm's-length negotiation at the time we hire the individual, taking into account his or her position, qualifications, experience, and the base salaries of our other executive officers. Thereafter, the Compensation Committee reviews the base salaries of our executive officers each year as part of its annual compensation review, with input from our CEO (except with respect to his own base salary) and makes adjustments as it determines to be reasonable and necessary to reflect the scope of an executive officer's performance, individual contributions and responsibilities, position in the case of a promotion, and market conditions.

In February 2018, the Compensation Committee reviewed the base salaries of our executive officers, including our Named Executive Officers, taking into consideration the factors described in "Compensation-Setting Process – Setting Target Total Direct Compensation" above. Following this review, the Compensation Committee approved base salary increases for certain of our executive officers. The Compensation Committee determined to leave the base salary of our CEO and our CFO at 2017 levels.

The base salaries of our Named Executive Officers for 2018 were as follows:

<u>Named Executive Officer</u>	<u>2017 Base Salary</u>	<u>2018 Base Salary</u>	<u>Percentage Adjustment</u>
Mr. Scapa	\$ 830,000	\$ 830,000	—
Mr. Morof	\$ 340,000	\$ 340,000	—
Mr. Fariello (1)(2)	\$ 359,558	\$ 387,908	7.9%
Mr. Chouinard	\$ 220,000	\$ 250,000	13.6%
Dr. Schramm	\$ 255,000	\$ 260,000	2.0%

- (1) All compensation paid directly to ASHF and indirectly to Mr. Fariello is paid in Euros. As required by SEC rules, all compensation amounts relating to ASHF/Mr. Fariello in this proxy statement have been converted to U.S. dollars using an exchange rate. The average exchange rate we used for 2018 was €1.00 to \$1.18, based on an exchange rate publicly published by an independent third party.
- (2) Under the consulting agreement that we have entered into with ASHF, we are required to pay ASHF a base consulting fee plus a special payment equal to an additional 50% of the base consulting fee (as well as an incentive fee described below). We agreed to pay the special payment in order to take into account taxes and expenses incurred by ASHF as an entity located in Italy. Utilizing the exchange rate set forth above, the base consulting fee was \$239,705 in 2017 and \$258,605 in 2018 and the related special payments were \$119,853 in 2017 and \$129,303 in 2018.

Executive Bonus Program

Each year, we make bonus arrangements with our senior executives (including the Named Executive Officers), other employees who report directly to our CEO, and vice presidents in key positions (the "Executive Bonus Program"). Generally, for the Named Executives other than the CEO, bonus payments under the Executive Bonus Program are calculated starting with a target bonus amount for each participant as recommended by our CEO and approved by the Compensation Committee, multiplied by the achievement of a corporate financial performance metric and then, for each program participant, adjusted for his or her individual performance. For the CEO, the Compensation Committee begins with a target bonus amount and then evaluates the CEO's performance against certain quantitative and qualitative metrics associated with Company and individual performance. In each case, the Compensation Committee reviews the payment and amount of any award.

[Table of Contents](#)

For 2018, the Named Executive Officers (other than the CEO) were paid 50% or 60% of their potential bonus payment under the Executive Bonus Program in equal monthly installments, with the additional earned bonus paid once final bonus amounts were determined after the end of the year. The CEO did not receive any portion of his bonus until after the final bonus amount was determined subsequent to year-end. No provision was made for repayment of these installments if 2018 performance objectives were not attained; in fact, the performance objectives utilized by the Compensation Committee in 2018 were attained.

Target Bonus Amounts

For purposes of the Executive Bonus Program, bonus payments are based upon a specific target bonus amount as recommended by our CEO and approved by the Compensation Committee. The CEO participates in the Compensation Committee’s deliberations regarding the target amounts for eligible employees, but does not participate in the deliberations regarding his target bonus.

In February 2018, the Compensation Committee reviewed the recommended target bonus amounts for our Named Executive Officers, taking into consideration the factors described in “Compensation-Setting Process – Setting Target Total Direct Compensation” above. Following this review, the Compensation Committee determined to set the target bonus amounts as proposed by our CEO with respect to the Named Executive Officers other than himself. The Compensation Committee independently reviewed and determined the CEO’s target bonus. For 2018, the target bonus amounts for our Named Executive Officers were as follows:

<u>Named Executive Officer</u>	<u>Target Bonus Amount</u>
Mr. Scapa	\$ 500,000
Mr. Morof	\$ 150,000
Mr. Fariello	\$ 168,150 ⁽¹⁾
Mr. Chouinard	\$ 130,000
Dr. Schramm	\$ 95,000

- (1) Under the consulting agreement that we have entered into with ASHF, ASHF is entitled to participate in our Executive Bonus Program and receive a bonus payable as an incentive fee plus a special payment equal to an additional 50% of the incentive fee. We agreed to pay the special payment in order to take into account taxes and expenses incurred by ASHF as an entity located in Italy. Utilizing the exchange rate set forth above, the target bonus for ASHF was \$112,100 plus a special payment of \$56,050.

Corporate Performance Metric and Individual Performance Metric

Participants in the Executive Bonus Program are eligible to receive a bonus payment in the discretion of the Compensation Committee based upon the attainment of performance objectives as proposed by the CEO and approved by the Compensation Committee and which relate to the financial metrics that are most important to us. For the Named Executive Officers (other than the CEO), the bonus was determined for 2018 by measurement of (i) Company performance against a variant of adjusted EBITDA that is further adjusted in the discretion of the Compensation Committee to exclude certain revenues and expenses that the Committee believes should not impact compensation results (the “Company Performance Target”); and (ii) individual performance. For the CEO, the bonus was determined for 2018 by measurement against a combination of quantitative and qualitative Company and individual performance metrics designed to promote growth of Company revenues and profitability (the “CEO Metrics”). The Company has chosen not to disclose the Company Performance Target or the CEO Metrics since they are internal standards primarily used to assess compensation, and the Company believes that disclosure of such information would cause competitive harm without adding meaningfully to the understanding of our business or compensation strategy. At the time they were set, the Company Performance Target and the CEO Metrics were perceived by the Compensation Committee to be attainable but requiring significant management effort and achievement in order to be attained.

[Table of Contents](#)

In all cases, the Compensation Committee reserves the ability to adjust the bonus upwards or downwards after application of these measurement steps. Effectively, the Compensation Committee has the discretion to consider corporate achievements other than those captured by the metrics to be measures of performance, to fund the Executive Bonus Program even if we did not achieve the threshold performance level, and to not make bonus payments even if we achieved the target performance level for the corporate performance objective.

2018 Executive Bonus Decisions

In March 2019, the Compensation Committee determined that, for the Named Executive Officers (other than the CEO), the Company's performance in 2018 exceeded target performance and, therefore, that, subject to an assessment of individual performance, bonuses would be paid to those executives pursuant to the Executive Bonus Program. The Compensation Committee then reviewed the individual performance of each of those Named Executive Officers based on an evaluation provided by our CEO of their performance. For the CEO, the Compensation Committee determined that the Company's performance, measured against the metrics applicable to the CEO's bonus, supported the payment of a bonus in excess of his target bonus.

Based on these determinations, the Compensation Committee approved the following bonus payments for our Named Executive Officers for 2018:

Named Executive Officer	Actual Bonus Payment	Percentage Increase of Actual Bonus Payment Over Target
Mr. Scapa	\$ 575,000	15%
Mr. Morof	\$ 165,558	10.4%
Mr. Fariello	\$ 168,923 ⁽¹⁾	—
Mr. Chouinard	\$ 148,608	14.3%
Dr. Schramm	\$ 102,981	8.4%

(1) Utilizing the exchange rate set forth above, represents an incentive fee of \$112,615 and a special payment of \$56,308.

Other than the amounts described above, we did not pay our Named Executive Officers any other annual bonuses in 2018.

Long-Term Incentive Compensation

We view long-term incentive compensation in the form of equity awards as a critical element of our executive compensation program. The realized value of these equity awards bears a direct relationship to our stock price, and, therefore, these awards are an incentive for our executive officers, including our Named Executive Officers, to create value for our stockholders. Equity awards also help us retain qualified executive officers in a competitive market.

Long-term incentive compensation opportunities in the form of equity awards are granted to our CEO and our other executive officers by the Compensation Committee. The amount and forms of such equity awards are determined by the Compensation Committee after considering the factors described in "Compensation-Setting Process" above. The amounts of the equity awards are also intended to provide resulting target total direct compensation opportunities that the Compensation Committee believes are reasonable.

In January 2018, the Compensation Committee determined that the equity awards to be granted to our executive officers, including our Named Executive Officers, should be in the form of time-based RSU awards that may vest and be settled for shares of our Class A Common Stock. The number of shares of our Class A Common Stock subject to the RSU awards granted to our executive officers (other than the CEO) were proposed by the CEO and approved by the Compensation Committee after considering the factors described in "Compensation-Setting Process" above. All of the RSU awards were granted in January 2018, except for the

[Table of Contents](#)

RSU award for our CEO, which the Compensation Committee determined and granted in February 2018. Subsequently, the Compensation Committee determined that to the extent that equity incentive awards are granted in the future, equity incentive awards for our Named Executive Officers will be granted shortly after we publicly announce our year-end earnings.

The equity awards granted to our Named Executive Officers in 2018 were as follows:

Named Executive Officer	Restricted Stock Unit Award (number of shares)	Grant Date Fair Value
Mr. Scapa	20,000	\$ 536,800
Mr. Morof	2,070	\$ 52,205
Mr. Fariello	2,070	\$ 52,205
Mr. Chouinard	2,070	\$ 52,205
Dr. Schramm	2,070	\$ 52,205

The time-based RSU awards vest in equal annual installments over a four-year period, with each installment vesting on the anniversary of the date of grant, contingent upon each Named Executive Officer's remaining continuously employed by us through each applicable vesting date. Upon vesting, the RSU awards may be settled by issuing that number of shares of our Class A Common Stock that equal the number of units that have vested.

Health and Welfare Benefits

Our US-based Named Executive Officers (excluding Mr. Fariello) are eligible to receive the following health and welfare benefits: a flexible spending account, a dependent care account, medical, dental, and vision insurance, business travel insurance, an employee assistance program, accidental death and dismemberment insurance, short-term and long-term disability insurance and basic life insurance.

We have also established a tax-qualified 401(k) retirement savings plan for our US based employees, including our US-based executive officers and our US-based Named Executive Officers, and other employees who satisfy certain eligibility requirements. Under this plan, participants may elect to make pre-tax contributions of up to 80% of their eligible compensation, subject to the statutory income tax limits. The 401(k) Plan permits us to make discretionary matching contributions and discretionary contributions to eligible participants, subject to five-year graded vesting: 20% vests after one year, 40% after two years, 60% after three years, 80% after four years, and 100% after five years. The 401(k) Plan has an automatic enrollment feature for all employees hired on or after April 1, 2014, automatically withholding elective deferrals equal to 3% of eligible compensation, unless the participant affirmatively changes the deferral amount. We intend for the plan to qualify under Section 401(a) of the Internal Revenue Code (the "Code") so that contributions by participants to the plan, and income earned on plan contributions, are not taxable to participants until withdrawn from the plan.

We design our employee benefits programs to be affordable and competitive in relation to the market as well as compliant with applicable laws and practices. We adjust our employee benefits programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Perquisites and Other Personal Benefits

Currently, we do not view perquisites or other personal benefits as a significant component of our executive compensation program. Accordingly, we do not provide significant perquisites or other personal benefits to our executive officers, including our Named Executive Officers, except as generally made available to our employees, or in situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make him or her more efficient and effective, and for recruitment and retention purposes.

[Table of Contents](#)

In the future, we may provide perquisites or other personal benefits in limited circumstances. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Employment Agreements

We have entered into a written employment offer letter with our CFO and a consulting agreement with ASHF, a Società a Responsabilità Limitata incorporated under the laws of Italy, which is wholly-owned by Mr. Fariello. This consulting agreement was entered into effective January 1, 2017 and was subsequently amended effective as of January 1, 2017. Neither our CEO nor any of our other Named Executive Officers is a party to an employment agreement or offer letter with us.

In the case of the employment offer letter with Mr. Morof, this agreement provides for “at will” employment (meaning that either we or Mr. Morof may terminate the employment relationship at any time without cause) and sets forth the then-current compensation arrangements for him, including his base salary, participation in a profit and growth bonus pool, and participation in our standard employee benefit programs. In addition, this employment offer letter provides that Mr. Morof will be eligible to receive certain severance payments and benefits in connection with certain terminations of employment, as well as a cash bonus payment if his employment is terminated in connection with a change in control of the Company. These post-employment compensation arrangements are discussed in “*Post-Employment Compensation*” below.

In the case of the consulting agreement with ASHF, this agreement provides for a term of one year, which is renewed automatically for additional successive one-year terms in the absence of either party providing notice of termination upon 60 days prior written notice. Under the terms of the consulting agreement, ASHF must make Mr. Fariello available to provide services to us. In consideration for these services, we must pay ASHF an annual consulting fee, provide participation in our executive bonus compensation program through the payment of an incentive fee, and make a special payment equal to fifty percent of the sum of each consulting fee payment and each incentive fee payment. Sixty percent of such incentive fee (including the 50% special payment paid thereon) is to be paid in monthly installments and the balance of the incentive fee is to be paid at such time or times as comparable incentives are paid to other participants in the executive bonus program. The consulting agreement also prohibits ASHF from disclosing our confidential information or business practices. Pursuant to the consulting agreement, ASHF has entered into our standard non-disclosure and intellectual property rights agreement.

For detailed descriptions of the employment arrangements we maintained with our Named Executive Officers during 2018, see “*Narrative Disclosure to Summary Compensation Table*” below.

Post-Employment Compensation

We do not provide severance payments and benefits to our Named Executive Officers, other than to Mr. Morof pursuant to his amended and restated employment offer letter. The arrangements reflected in that letter provide reasonable compensation to Mr. Morof if he leaves our employ under certain circumstances to facilitate his transition to new employment. In addition to the foregoing, that letter provides Mr. Morof with a cash bonus in the amount of \$500,000 if either within one month before or 12 months after the date of a change in control of the Company his employment is involuntarily terminated for any reason other than “cause” (as defined in the amended and restated employment offer letter) or he voluntarily terminates his employment for “good reason” (as defined in that letter).

We do not use excise tax payments (or “gross-ups”) relating to a change in control of the Company and have no such obligations in place with respect to any of our Named Executive Officers.

For a summary of the material terms and conditions of the post-employment compensation arrangements we maintained with our Named Executive Officers during 2018, as well as an estimate of the potential payments and

benefits that they would have been eligible to receive if a hypothetical change in control or other trigger event had occurred on December 31, 2018, see “*Potential Payments Upon Termination or Change in Control*” below.

Other Compensation Policies

Hedging and Pledging Transactions

Under our Insider Trading Policy, all of our executive officers, the non-employee members of our Board of Directors, and certain other employees as designated by our Compliance Officer are prohibited from engaging in any of the following transactions:

- A short sale, including a sale with delayed delivery (a “sale against the box”);
- Trading in standardized options relating to our securities;
- Certain forms of hedging or monetization transaction (such as a zero-cost collar or forward sales contract); and
- Holding our securities in a margin account, or pledging our securities as collateral for a loan (unless such transaction has been pre-approved by our Compliance Officer).

Tax and Accounting Considerations

We may take applicable tax and accounting requirements into consideration in designing and operating our executive compensation program.

Deductibility of Executive Compensation

Generally, Section 162(m) of the Internal Revenue Code disallows publicly held corporations a tax deduction for federal income tax purposes for remuneration paid to certain “covered employees” in a taxable year to the extent that remuneration exceeds \$1 million per calendar year for a covered employee. Given the net operating loss carryforwards and tax credits available to our company, the Compensation Committee does not believe that Section 162(m) will be a principal factor in determining executive compensation for the foreseeable future.

When and if Section 162(m) becomes more relevant to us in the future, the Compensation Committee may, in its judgment, approve compensation for our Named Executive Officers that is not deductible for federal income tax purposes when it believes that such compensation is in the best interests of the Company and our stockholders.

Accounting for Stock-Based Compensation

The Compensation Committee takes accounting considerations into account in designing compensation plans and arrangements for our executive officers and other employees. Chief among these is Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC Topic 718”), the standard which governs the accounting treatment of certain stock-based compensation. Among other things, ASC Topic 718 requires us to record a compensation expense in our income statements for all equity awards granted to our executive officers and other employees, based on the grant date “fair value” of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though recipients may never realize any value from their equity awards. ASC Topic 718 also requires us to recognize the compensation cost of our stock-based compensation awards in our income statements over the period that an executive officer is required to render service in exchange for the equity based award.

The compensation committee establishes the compensation programs for our named executive officers. In connection with such responsibility, the compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this Proxy Statement.

Employment Agreements with our Named Executive Officers

James Scapa, Brett Chouinard and Uwe Schramm

Mr. Scapa, Mr. Chouinard and Dr. Schramm are not a party to an employment agreement or offer letter with Altair.

Howard N. Morof Employment Letter

We entered into an employment letter with Howard N. Morof, our chief financial officer, on January 10, 2013, which was subsequently amended and restated on July 19, 2017, to, among other things, reflect his current compensation and to add language to address provisions of Section 409A of the Internal Revenue Code of 1986, as amended (the "Code"). The employment letter has an indefinite term, and Mr. Morof's employment is at-will.

Mr. Morof is entitled to an automobile allowance and he is currently eligible to earn annual incentive compensation payable from our Executive Bonus Program applicable to other members of our senior executive team. He is also eligible to earn a matching contribution to our 401(k) Plan as determined annually by us. His compensation as described in this paragraph may be adjusted year to year as described in the section entitled "Compensation, Discussion and Analysis".

If Mr. Morof resigns from employment for good reason, or is terminated without cause, he is entitled to 12 months of base salary plus any accrued annual bonus and a prorated annual bonus for the year of termination. He is also entitled to continued participation in our employee benefit programs, as if still employed as chief financial officer, during that 12 month period.

Pursuant to Mr. Morof's employment letter, if Mr. Morof is involuntarily terminated for any reason other than cause or if Mr. Morof voluntarily terminates his employment for good reason within the one month prior to, or twelve months following, a change in control (as defined in our 2012 Plan (as defined under the heading "Equity Compensation Plans" below)) Mr. Morof will also be entitled to a one-time special bonus equal to \$500,000, payable in full within three business days following such termination.

For purposes of Mr. Morof's employment letter, "cause" means the occurrence of any of the following:

- a felony conviction or admission of guilt (other than as relates to a misdemeanor motor vehicle accident);

Equity Compensation Plans

We have granted outstanding equity awards under the Altair Engineering Inc. 2001 Non-Qualified Stock Option Plan (the “2001 NQSO Plan”), the Altair Engineering Inc. 2001 Incentive and Non-Qualified Stock Option Plan (the “2001 ISO and NQSO Plan”), the Altair Engineering Inc. 2012 Incentive and Non-Qualified Stock Option Plan (the “2012 Plan”) and the Altair Engineering Inc. 2017 Equity Incentive Plan (the “2017 Plan”). On a going forward basis, we expect to grant, and since adopting the 2017 Plan, have only granted, awards to eligible participants under the 2017 Plan.

401(k) Plan

We maintain a tax-qualified retirement plan, or our 401(k) Plan, that provides eligible employees in the United States with an opportunity to save for retirement on a tax-advantaged basis. Under the terms of our 401(k) Plan, participants are able to defer up to 80% of their eligible compensation subject to applicable annual Internal Revenue Service limits. Participants are immediately and fully vested in their own contributions. Our 401(k) Plan permits us to make discretionary matching contributions and discretionary profit-sharing contributions to eligible participants, subject to five year graded vesting: twenty percent (20%) vests after one year, forty percent (40%) after two years, sixty percent (60%) after three years, eighty percent (80%) after four years and 100% after five years. Our 401(k) Plan has an automatic enrollment feature for all employees hired on or after April 1, 2014, automatically withholding elective deferrals equal to 4% of eligible compensation, unless the participant affirmatively changes the deferral amount.

Executive Bonus Program

During 2018, we maintained an executive bonus program, or our Executive Bonus Program, for (i) our C-level executive officers, (ii) employees who report directly to our chief executive officer and (iii) vice presidents in key positions as selected by us. Incentives under our Executive Bonus Pool are based upon target bonus amounts and the achievement of company and individual performance. During 2018, individuals (other than the chief executive officer) were paid fifty to 60 percent of their potential bonus under our Executive Bonus Program in equal monthly installments each year, and any additional earned bonus was paid after final bonus amounts were determined.

- * The foregoing report of the Audit Committee is not to be deemed "soliciting material" or deemed to be "filed" with the Securities and Exchange Commission (irrespective of any general incorporation language in any document filed with the Securities and Exchange Commission) or subject to Regulation 14A of the Securities Exchange Act of 1934, as amended, or to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent we specifically incorporate it by reference into a document filed with the Securities and Exchange Commission.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information as of March 19, 2019 (the “Beneficial Ownership Date”) with respect to the beneficial ownership of Class A common stock and Class B common stock of Altair by the following: (i) each of Altair’s current directors; (ii) each of Altair’s Named Executive Officers; (iii) all of Altair’s current executive officers and directors as a group; and (v) each other person known by Altair to own beneficially more than five percent (5%) of the outstanding shares of the Company’s Class A common stock or Class B common stock.

The amounts and percentage of shares of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a “beneficial owner” of a security if that person has or shares “voting power,” which includes the power to vote or to direct the voting of such security, or “investment power,” which includes the power to dispose of or to direct the disposition of such security. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, common stock subject to options held by that person that are currently exercisable or exercisable within 60 days of the Beneficial Ownership Date (“Presently Exercisable Options”), if any, are deemed outstanding, but are not deemed outstanding for computing the percentage ownership of any other person. Except as indicated by footnote, the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them, subject to community property laws where applicable.

The table reflects 38,669,975 shares of Class A and 32,170,732 shares of Class B common stock outstanding as of the Beneficial Ownership Date plus any shares issuable upon exercise of Presently Exercisable Options held by such person or entity.

Except as otherwise noted below, the address for persons listed in the table is c/o Altair Engineering Inc. at 1820 E Big Beaver Rd, Troy MI 48083.

- (2) In accordance with the “evergreen” provision in our 2017 Plan, an additional 2,115,583 shares of our Class A common stock were automatically made available for issuance on the first day of 2019, which represents 3% of the number of shares of both our Class A common stock and Class B common stock outstanding on December 31, 2018; these shares are excluded from this calculation.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors and executive, officers, and persons who are beneficial owners of more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission, or the SEC. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us, and written representations that no other reports were required during the fiscal year ended December 31, 2018, all reports required to be filed under Section 16(a) during 2018 were filed on a timely basis, except for one late Form 4 filed on February 22, 2018 reporting restricted stock unit awards made on January 29, 2018 for each of the following executive officers: Massimo Fariello, Howard Morof, Jeffrey Brennan, Brett Chouinard, Tom Perring, James Dagg, Martin Nichols, Uwe Schramm, Nelson Dias, and Mahalingam Srikanth.

TRANSACTIONS WITH RELATED PERSONS

Other than compensation arrangements for our Named Executive Officers and directors, we describe below each transaction or series of similar transactions, since January 1, 2018, to which we were a party or will be a party, in which:

- the amounts involved exceeded or will exceed \$120,000; and
- any of our directors, executive officers or holders of more than 5% of our capital stock, or any member of the immediate family of the foregoing persons, had or will have a direct or indirect material interest.

[Table of Contents](#)

Compensation arrangements for our Named Executive Officers and directors are described in the section entitled “Executive Compensation.”

Redemptions of our Class A and Class B Common Stock

On May 1, 2015, we redeemed 200,000 shares of our Class A Common Stock held by Upali Fonseka, who was one of our holders of more than 5% of our outstanding capital stock for a portion of 2017 but is no longer a 5% holder, for an aggregate purchase price of \$711,000.00, payable in 12 equal quarterly installments with an interest rate of 1% per year, commencing on August 1, 2015 and ending on May 1, 2018.

Indemnification of Officers and Directors

We have entered into indemnification agreements with each of our current directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Policies and Procedures for Related Party Transactions

Our audit committee has the primary responsibility for the review, approval and oversight of any “related party transaction,” which is any transaction, arrangement, or relationship (or series of similar transactions, arrangements, or relationships) in which we are, were, or will be a participant and the amount involved exceeds \$120,000, and in which the related person has, had, or will have a direct or indirect material interest. Under our related party transaction policy, our management will be required to submit any related person transaction not previously approved or ratified by our audit committee to our audit committee. In approving or rejecting the proposed transactions, our audit committee will take into account all of the relevant facts and circumstances available. No member of the Audit Committee will participate in any review, consideration or approval of any related person transaction with respect to which such member or any of his or her immediate family members is the related person.

We employ certain members of the family of James Scapa, including three family members whose aggregate compensation for the year ended December 31, 2018 exceeded \$120,000: Stephanie Scapa (Mr. Scapa’s daughter), a Senior Vice President, received a salary of \$137,875, a commission of \$27,500, and a bonus of \$44,000 for 2018; Thomas Leemhuis (Mr. Scapa’s son-in-law), received a salary of \$102,000, a commission of \$77,475, and a car allowance of \$6,000 for 2018; and Christian Buckner (who became Mr. Scapa’s son-in-law in 2019), a Director of Product Management, received a salary of \$123,030 and a bonus of \$3,500 for 2018. The Audit Committee has reviewed the retention of each member of Mr. Scapa’s family who is employed by the Company and has determined that in each such case, the retention of such family member is in the Company’s best interests and that her or his compensation is appropriate. Any increases in such compensation and/or material changes in the terms of such employment will be subject to Audit Committee approval.

PROPOSAL 2: ADVISORY APPROVAL OF THE FREQUENCY OF FUTURE ADVISORY VOTES ON OUR NAMED EXECUTIVE OFFICERS' COMPENSATION

General

We are asking stockholders to vote, on an advisory and non-binding basis, for approval of the frequency of future advisory votes of the compensation of our Named Executive Officers, commonly referred to as a “say-on-pay” vote. The choices available on the attached proxy card, in accordance with SEC rules, are every one year, every two years, every three years, or to abstain. This proposal 2 is advisory, and non-binding on our Board. However, the Board and the Compensation Committee will review and consider the results of the vote when determining the frequency of the “say-on-pay” vote.

After careful consideration of the frequency alternatives, our Board believes that conducting an annual “say-on-pay” vote is appropriate for Altair and our stockholders at this time. Our Board has determined that an annual “say-on-pay” vote will allow our stockholders to provide timely input on our executive compensation philosophy, policies and practices as disclosed in our proxy statements.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE THAT ADVISORY VOTES ON EXECUTIVE COMPENSATION BE HELD EVERY YEAR.

Pre-Approval Policy and Procedures

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditors. The Audit Committee has established a policy regarding pre-approval of all auditing services and the terms thereof and non-audit services (other than non-audit services prohibited under Section 10A(g) of the Securities Exchange Act of 1934, as amended (the "Exchange Act") or the applicable rules of the SEC or the Public Company Accounting Oversight Board) to be provided to us by the independent auditor. However, the pre-approval requirement may be waived with respect to the provision of non-audit services for us if the "de minimus" provisions of Section 10A(i)(1)(B) of the Exchange Act are satisfied.

[Table of Contents](#)

The Audit Committee has considered whether the provision of All Other Fees as described above is compatible with maintaining Ernst & Young LLP's independence and has determined that such services for fiscal years 2017 and 2018 were compatible. All such services were approved by the Audit Committee pursuant to Rule 2-01 of Regulation S-X under the Exchange Act to the extent that rule was applicable.

Review of Financial Statements

The Audit Committee is responsible for reviewing and discussing the audited financial statements with management, discussing with the independent registered public accountants the matters required by Auditing Standard No. 1301, "Communications with Audit Committees" issued by the Public Company Accounting Oversight Board ("PCAOB"), receiving written disclosures from the independent registered public accountants required by applicable requirements of the PCAOB regarding the independent registered public accountants' communications with the Audit Committee concerning independence, discussing with the independent registered public accountants their independence, and recommending to the Board that the audited financial statements be included in our annual report on Form 10-K.

Attendance at Annual Meeting

Representatives of Ernst & Young LLP will be present at the Annual Meeting and will be available to respond to appropriate questions from stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS APPROVE THE RATIFICATION OF THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.
